

**Ink made easy.**

**Alternative inks for HP Scitex FB500, FB700, FB550 and FB750 printers**  
*Replaces HP FB250, FB251 and FB794 inks*

Replace your HP inks with HotSwap Inks one color at a time as you run out. No need to flush lines or re-profile. Simply plug in HotSwap Inks and continue printing.

Why You Should HotSwap:

- ✓ **Color Matched** – continue using your same profiles
- ✓ **Chemically Compatible\*** – no need to flush lines. Change 1 color at a time.  
\*When changing from Non-OEM inks each color should be flushed
- ✓ **Plug and Play** – each ink comes with a chip that communicates with the printer
- ✓ **Made in the USA** – quality controlled, no long lead times or overseas freight
- ✓ **Ink Train Warranty**
- ✓ **SAVE MONEY** – Huge savings over OEM prices. Save hundreds on each ink you order! ***On average, users save \$200 per ink container.***
